Kindermusik Philosophy

Kindermusik is the community of families and teachers passionately committed to bringing music to children's lives through developmentally appropriate curricula, CDs, books, instruments, and activities for our classes and for family time at home.

Kindermusik's philosophy is founded upon rigorous research and our fundamental beliefs:

- Every parent is the child's most important teacher.
- Every child is musical.
- The home is the most important learning environment.
- Music nurtures a child's cognitive, emotional, social, language, and physical development.
- Every child should experience the joy, fun, and learning which music brings to life.
